For Motor Vehicle Accidents Only

In the State of Connecticut, in the event of a motor vehicle accident, each injured person must use their **own auto insurance policy** for medical coverage, regardless of who is at fault.

For example, if you were injured in a motor vehicle accident that is not your fault, even if you are injured in someone else's car as a passenger or a driver, your medical bills are still submitted to your own motor vehicle insurance company, **NOT** to the insurance company of the at-fault driver.

You may or may not have medical payment coverage, or "med pay" on your auto insurance policy.

If you **DO** have medical payment coverage: Payment for your medical bills will be first submitted to your auto insurance company. *A letter of medical payment benefits (med-pay) is required at your first appointment.* Once your med pay is exhausted, the remaining balance will be submitted to your health insurance. Any payment required by your health insurance will be due upon each visit.

If you **DO NOT** have medical payment coverage: *A letter of no medical payment coverage (med pay) needs to be submitted to us at your first appointment.* Any medical bills will be submitted to your health insurance. Any payment required by your health insurance will be due upon each visit.

I have read, understand, and fully accept the handling of my personal injury claim in accordance with the guidelines as stated above regarding my care at Connect Physical Therapy LLC.
